OUR STAFF

Samantha Cox

Salon Owner

My Beauty career started after I achieved a BTECH National Diploma in Beauty Therapy in 1997. After working for a time in other Beauty establishments I decided to open my own salon. So on the 18th December 1999 Aspects Of Beauty opened its doors for the first time. I was 22 years old and worked solely on my own. Over the many years Aspects has continued to grow.

I have always aimed to become a Beauty Therapist since I was a child and knew that this was the only profession for me. I absolutely love my job and what I do on a day to day basis. I perform all treatments offered at my salon but I specialise in Electrolysis, threading and certain eye treatments.

Michelle Collins

Salon manager

My career in beauty therapy started as a work experience girl at Aspects when I was just 16! I gained my BTEC National Diploma beauty therapy qualification in 2002 at Southend college and have worked at Aspects of Beauty ever since. Nearly 16 years later I am happy to still be part of a great team of friends and colleagues. I have been the salon manager now for many years and I make sure that we give all our clients the best experience possible and that we achieve a very high standard of service.

I love my job as a Beauty Therapist. Facials, massages and pedicures are just a few of my favourite treatments to perform. I enjoy making my clients feel welcome, relaxed and good about themselves. Our salon is a brilliant place to work, the team get on so well and we all love what we do.

Gemma Barton

Beauty Therapist

I am a fully qualified therapist acquiring my VRQ level 2 & 3 in 2014. I always take a lot of pride in my work, and go on regular training courses to keep my knowledge up to date with the latest trends. The best part of my job is the rewarding feeling I get knowing that I have made a difference to how someone feels, not just physically but mentally. Although I enjoy performing all treatments I particularly enjoy facials and eyelash treatments and endeavour to put all my effort into making all my clients feel relaxed and looked after from the moment they step through the door, and leave feeling refreshed and revitalised!

Body Polishing

There is nothing better to prolong a tan than to prepare the skin prior to a holiday. This luxury treatment is ideal for any skin type and will help to leave the skin wonderfully soft and silky. The treatment commences with a rich body polish being massaged into the skin helping to loosen dry skin and invigorate the senses. Then, using a body brush, the polish is swept away removing dry skin cells and helping to increase circulation and enliven the senses. To conclude this invigorating treatment, a rich moisturising body cream is then applied, enriching the skin and leaving the body relaxed and uplifted.

Deep Cleansing Back Treatment

£23.00

SLIMMING TREATMENTS

Hopi Ear Candles

£25.00

Ear Candles have a purely physical function which is often described directly after the treatment as a soothing, pressure relieving sensation. A light suction action (chimney effect) and the movement of the flame create a vibration of air in the Ear Candle, generating a massage-like effect on the ear drum. It can help to induce a pleasant feeling of warmth and a balance of pressure in the ears, forehead and sinuses. It has a soothing effect and can be helpful for earache and headache, ear noise and stress.

Please Note: We do not recommend this treatment to clients who suffer with perforated eardrums, grommets, inflammation or infection of the ear.
